The problem

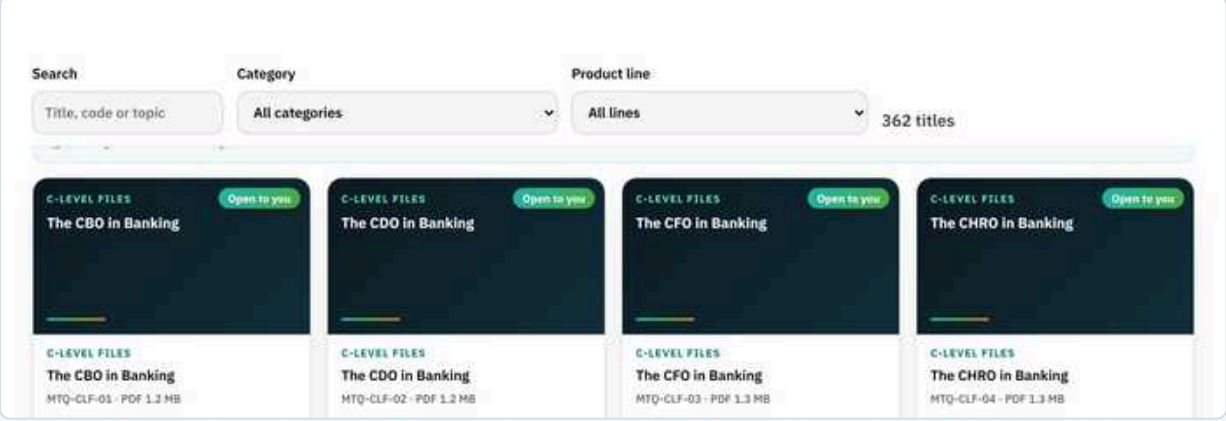
You need knowledge for the decision in front of you, not another textbook.

The MTWAFIQ Library and sample documents

Knowledge for the decision in front of you

A catalog of 362 short, specific titles, with guides, manuals and sample pages for each product line. Verified professionals read eligible sample documents in full, in a view-only viewer.

Who it is for: Professionals, managers and teams who prepare a decision, a meeting or a training.



The Library: search the catalog, filter by category and product line.

What you get

- **Short and specific**
  Each title answers one need, for one decision, one meeting or one training.
- **Read in full**
  The viewer shows the whole sample document. It offers no download, export or print.
- **Find it fast**
  Search the catalog, or filter it by category and product line.
- **Sessions with MTWAFIQ**
  Facilitator and examiner editions and simulation kits stay with the MTWAFIQ team.
